anticline, exposed	
syncline, exposed	*
anticline, concealed	
syncline, concealed	-*
Small-scale fold axial surface, showing strike and dip	
vertical	
Small-scale fold axis, showing trend and plunge	
inclined	→ ⁴⁰
syncline	→ 72
synform	€ 20
Bedding, showing strike and dip	
horizontal	+
inclined	
vertical	+
Trend of bedding	
Igneous flow banding, showing strike and dip	20
inclined	
Magmatic foliation, showing strike and dip	. 74
inclined	<u> </u>
vertical	♦
Metamorphic foliation, showing strike and dip	80
inclined	
vertical	+
Gneissic layering, showing strike and dip	80
inclined	
vertical	+
Cleavage, showing strike and dip	. 81
inclined	ت ۔
vertical	\vdash
Crenulation cleavage, showing strike and dip	
inclined	.80
vertical	₩
Shear-sense indicator	
showing dip of magmatic foliation	
sinistral	62
inclined	<u> </u>
showing dip of metamorphic foliation	
sinistral	
vertical	4
Lineation, unspecified, showing trend and plunge	45
inclined	→ ⁶⁵
Mineral lineation, showing trend and plunge	
inclined	→ ¹⁸
Stretching lineation, showing trend and plunge	
inclined	→→ 38
Cleavage–cleavage intersection lineation, showing trend and plunge	42
inclined	-c-\$ ⁴²
Slickenline, showing plunge	
inclined	→> ¹⁹
Slickenline, showing direction of movement and plunge	
reverse	→>> 41
dextral	~~ ⁹
sinistral	← 1
Joint or fracture, showing strike and dip	74
inclined	71
