

Geological boundary

- accurate..... 
- inferred..... 
- interpreted, based on aeromagnetic data..... 

Fault

- inferred..... 
- inferred and concealed..... 

Fold, showing direction of plunge

- minor antiform..... 
- minor synform..... 

folded bedding, showing direction of plunge

- inclined..... 
- vertical..... 

Bedding, showing strike and dip

- inclined..... 
- vertical..... 

Igneous layering or banding, showing strike and dip

- inclined..... 

Way-up indicators

- igneous layering or differentiation..... 
- pillow structure..... 
- sedimentary or igneous structure..... 
- graded bedding..... 

Metamorphic foliation, showing strike and dip

- inclined..... 
- vertical..... 
- horizontal..... 

Strongly foliated rock..... 

Mineral lineation, showing direction of plunge

- plunging..... 
- vertical..... 
- on foliation plane..... 

Crenulation, horizontal..... 

Formed road..... 

Track..... 

Fence, generally with track..... 

Homestead..... 

Building..... 

Yard..... 

Locality..... 

National park boundary..... 

Microwave repeater station..... 

Horizontal control; major..... 

Sand dune..... 

Contour line, 20 metre interval.....
