

Geological boundary..... 

Fault

accurate..... 

thrust or reverse showing dip, approximate..... 

lag, approximate..... 

concealed, inferred..... 

Fold, showing plunge direction

anticline, concealed..... 

syncline, concealed..... 

overturned anticline, concealed..... 

overturned syncline, concealed..... 

minor syncline, showing plunge..... 

minor, S profile downplunge..... 

minor, Z profile downplunge..... 

minor folds in core of major fold..... 

Bedding, showing dip

inclined..... 

vertical..... 

horizontal..... 

inclined, way-up unknown..... 

inclined, inverted..... 

trend, from aerial photography..... 

Way-up indicator

cross-bedding..... 

graded bedding..... 

Metamorphic foliation, showing dip

inclined, unassigned..... 

vertical, unassigned..... 

D₁, inclined..... 

D₂, inclined..... 

trend (section only)..... 

Cleavage, showing dip

inclined..... 

vertical..... 

intersecting bedding; showing plunge of lineation..... 

cleavage and bedding with coincident strike..... 

Lineation

showing plunge..... 

on foliation plane..... 

Glacial striae

direction of ice movement..... 

direction not known..... 

Watercourse, ephemeral.....

Bare..... 

Rockhole.....
